**REASON FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: allowance of claims 7-10 is indicated because the prior art of record does not show or suggest the door frame comprising a contact portion inwardly curved to face the casing, an inductance portion for forming an inductance by being extended and curved from the contact portion, and a capacitor portion curved from the inductance portion, for forming a capacitance as recited in claims 7 and 9; and an LC resonant circuit of the door comprising a first capacitance C1, an inductance L connected to the first capacitance C1, and a second capacitance C2 connected to the inductance L in parallel as recited in claim 8; and a door rotatably combined at a side of the casing to rotate about a substantially vertical axis formed by the side of the casing and slanted correspondingly to the casing in order to open and close the front of the cooking chamber, wherein a cutting portion for preventing the door frame from being deformed is formed at an inner wall surface of the door frame as recited in claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
